Rules for competitors

"1st FIP International Concrete Canoe Race"

Dear concrete canoe builders/paddlers,

On behalf of the Swedish Concrete Association, I would hereby like to invite you to take part in the "1st FIP International Concrete Canoe Race".

The race will take place on "Riddarfjärden" in the very centre of Stockholm, the Venice of the North. More precisely, it will take place just in front of the Stockholm City Hall.

The race will be held on Tuesday June 8, 1982 and will be followed in the evening by a reception for the FIP-congress delegates at the Stockholm City Hall. The race will begin with qualifying heat in the afternoon and conclude with a "grande finale" just before the reception.

Please find enclosed the rules for the race, some hints regarding the design of concrete canoes and a preliminary application form.

More detailed information regarding competition rules, accommodation and other useful data will be sent to you as soon as it becomes available.

Looking forward to seeing you in Stockholm in June 1982 and Good Luck,

SWEDISH CONCRETE ASSOCIATION
